

It broke our hearts to read about Rosey. Your love and dedication to your dogs are the reason we are so very blessed! I will never forget the day we came (two years ago) to pick up our puppy. I think I watched you more than the puppies. Your love for these animals was so obvious. Our Scout has now become the love of our life and we could not have imagined the love, affection and intelligence he shows us. This is all due to you and the type of breeder you are and this is also why you are the best. - Ken & Jean Richards, FL

I'm a proud boykin spaniel owner from Ontario, Canada and have never seen another one in all the years we have had the dog. I've been reading the Boykin's Forever online publications and have thoroughly enjoyed the articles and pictures. Simba was given to us in February 1996 when he was 10 months old and I am happy to say he has just celebrated his 15th birthday on March 26th. He is a wonderful family pet and a source of great enjoyment. When we were given our boykin we had never seen or heard of the breed and since our family has never done any hunting we had no idea he was a hunting breed. In fact everywhere we go people ask us what type of dog he is and comment that he is so unique and love his coloring.
